

COVID-19 Training - Hard Hat Sticker

Every Hard Hat on Every Jobsite

Heightened Training and Professionalism During a Pandemic

COVID-19 has been a disrupting force in society over the past year, but the local union construction industry has been able to weather the storm. Deemed essential, the building and construction trades and affiliated commercial contractors were able to keep jobsites safely open by implementing new training and awareness standards and readiness action plans.

What is the COVID-19 Training Hard Hat Sticker

The universal COVID-19 Training Hard Hat Sticker is an industry-wide recognition of union construction's commitment to safety, project owners and the community at large. It symbolizes the respect and professionalism that every union tradesperson has to their craft, their crew, and their contractor.

Who's Eligible to Receive the COVID-19 Training Hard Hat Sticker?

If you're a union tradesperson, odds are you've already received the necessary training and are eligible to receive the COVID-19 Training Hard Hat Sticker. Given the long history of an emphasis on safety in the building and construction trades, the industry was poised in the spring of 2020 to start providing critical training and implement safety awareness protocols, standard practices and readiness plans.

COVID-19 Training Criteria

Recognized training programs shall include a basic review of CDC and OSHA guidelines, and of sufficient duration to permit attendees to fully comprehend the risks associated with COVID-19, the required safety protocols to minimize those risks, and how to implement those protocols on construction worksite. Specifics may include, but are not limited to risks associated with airborne infectious diseases, personal hygiene practices, physical distancing, proper PPE, etc.

Recognized Training Course

In an effort to prioritize safety throughout this pandemic the local leadership in the industry has taken the initiative to provide industry-wide, as well as individual COVID-19 Trainings. Recognized programs include:

- COVID-19 / ICRA Awareness (Milwaukee Building & Construction Trades Council & CPWR)
- Local Union Training Centers
- Contractor Provided Course (verified on a contractor-by-contractor basis)
- Local Contractor Trade Associations

Other courses may qualify, contact us directly to verify the criteria.

Obtaining Your COVID-19 Training Hard Hat Sticker

Training providers are encouraged to contact Building Advantage to verify program eligibility and to provide the number of participants who successfully completed the eligible training program. Upon verification, Building Advantage will deliver the requested number of COVID-19 Training Hard Hat stickers to the training provider for distribution to the individual participants.

Notice

Training providers who distribute COVID-19 Training hard hat stickers are verifying the recipient successfully completed an eligible training program.

Keeping the Industry Safe

Wearing the COVID-19 Training hard hat sticker is a proud way to show your dedication to maintaining a safe jobsite.
